Work Experience

-  **Executive Director | FODEMA**
November 2021 - Present (1 year, 11 months)
- Founded and established Focus on Developing Mother Africa (Fodema), a non-profit aimed at mindset change, www.fodema.org
 - Established partnerships with 2 US-based and 2 Malawi-based Rotary clubs.
 - Raised over \$3,000 for the Cyclone Freddy relief program.
 - Registered the organization under SAM.gov, a US-based platform that gives funding to NGOs.
 - Raised funds for the Top of the Class project, which reached 5,800 students.
 - Raised funds and implemented a tree planting project in collaboration with 13 Malawian companies and NGOs, planting 5,000 trees.
 - Established a strong team of volunteers, comprising almost 30 university students and recent graduates.

-  **Chief Executive Officer | Dream Code Malawi**
August 2021 - Present (2 years, 2 months)
- Founded a software development company that has over 10 employees, 5 interns, and 4 stakeholders, www.dreamcodemw.com
 - Collaborated and worked with more than 10 companies and NGOs, such as Adra Malawi, Yodep, and MAC.
 - Developed more than 7 web and mobile apps that are being used by Malawians, such as Dream Mall Malawi, an online marketplace, and school bond systems used by high schools.
 - Secured international deals with Charitymatterz company and Otra Mus and other companies

-  **PAYAIG Ambassador | The Pan-African Youth Ambassador for Internet Governance**
August 2023 - Present
- Global Representation: I have represented my country at international forums, focusing on internet governance and cybersecurity.
 - Digital Rights Advocate: I actively promote digital rights and freedoms through research, reports, and discussions, advocating for responsible internet use.
 - Global Collaboration: I work with fellow ambassadors to shape policies and practices, contributing to a safer digital environment.
